

Business meeting - Friday November 13

GSR Report - no new business

Intergroup Report - Reported that Intergroup is looking for a new Executive Director and other Officers

Daily attendance at FB in-person weekday meetings has grown; discussion as to whether / when to resume reverting to two meetings per weekday (7AM & 8:15AM). No additional cost to this expansion.

As decided in October meeting, daily chairpersons have opened private and public Chat to all participants at 5 minutes before meeting end.

Due to six reported incidents of anonymous abusive behavior toward multiple members group officers disabled private chat, a motion was made that Chat will be open only to the public between FB 1 and FB 2, per previous policy. Private chat will be disabled completely.
